Conference Overview and Coverage

Pipeline transportation of Petroleum, Petroleum Products and Natural Gas is proven economical and safe method. In India 100% of Petroleum, 70% of Petroleum Products and nearly 99% of Natural Gas (barring LNG by tanker and CNG by cascades), being transported through pipelines. Indian pipeline infrastructure is a mix of old and new ones, e.g., Crude oil pipeline from Naharkatia to Barauni is more than 70 years, Petroleum Product pipeline Haldia-Barauni-Kanpur is more than 50 years and Gas pipeline HVJ (Hazira-Vijaypur-Jagdishpur) is more than 35 year old. Further, many pipelines are still under construction. Currently India has a length of operative pipeline about 35,600 km and another 5000 Km is going the added in next 5 years. The issue of ensuring integrity of pipeline systems is therefore of paramount importance.

To bring uniformity in safety of the Hydrocarbon sector, has been one of the important functions of PNGRB and the notification of Regulations like, T4S (Technical Standard, Specifications including safety Standards), IMS (Integrity Management System) and ERDMP (Emergency Response and Disaster management Plan) by PNGRB, has brought much awaited awareness for pipeline and system safety in the industry.

A well-designed PIMS program ensures that, “the pipeline gives a sustained and reliable performance throughout its life”. In practice, PIMS, not only extends the life of existing pipelines, but also helps to prevent damage to assets, human lives and environment during construction, operation and maintenance.

To support PIMS program, there are well-developed tools like, CP, ILLI, Electronic surveillance, UT etc.

To address the issues of application and availability of IMS tools, success of the system, procedure and Regulatory compliances, Resonance Energy is organizing two days conference cum exhibition on 20 and 21 December 2023, where industry peers, stalwarts will share their experience and the equipment and service providers will showcase their products and services. It provides an unique opportunity to all stakeholders associated with mid-stream and downstream of Hydrocarbon Industry and the academia.

Who Should Attend

- Plate, Coil, Line pipe manufacturers, Valves, Coating manufacturers
- Transmission pipeline owners and operators
- Distribution/Retailing network (CGD) entities
- IMS tools- intelligent pigs, electronic surveillance, UT, NDT providers
- Non pig gable pipeline conditioning monitoring service providers
- Project Management Consultant, PIMS, CP and other consultants
- Pipeline construction companies
- Service providers for application software design, Leak detection, CP monitoring and Coating.
- Third party inspection companies
- Academia

Glimpses of Previous Conference

20th Decembder-2023: Day 01

Session 1 : Pipelines for Economic Growth

Session 2 : Pipeline Design, Engineering, Manufacturing and Construction

Session 3 : Pipeline Integrity assessment Tools and Techniques

Session 4 : Policy issues and Statutory Compliances

21st December- 2023: Day 02

Session 5 : Integrity Management Tools- CP, ILI, LRUT, MFL, DCVG

Session 6 : Learning from Experience- Case studies

Session 7 : Exhibitors' Forum, Think Tank Views

Session 8 : Panel Discussion- Global Practices - Hydrogen/Bio Gas Transportation through Gas Pipelines, Pipeline Protection, Security and Surveillance

Eminent Speakers

Vartika Shukla,
CMD EIL

Prabh Das
CEO, HMEL

Mr. D K Sarraf
Fr. Chairman, PNGRB

AK Tiwari
Member PNGRB

Dr Akhil Mehrotra
CEO, Pipeline Infra

Atul Tripathi
ED(Project) GAIL

Dr. B Mohanty
Fr. DG CPAC

Rajiv Sikka,
Head Project, Megha Engineering

Ajit Kumar Thakur,
CEO Indra Dhanus Pipeline

Rajesh Mediratta,
MD & CEO, IGX

Bhashit Dholakia
CEO IOAGPL

Cees Bal,
Lin Scan Dubai

R Thakur
CEO, Rigil

K N SINGH
DGM, GAIL

Bose Babu,
CEO LCS Energy

SS Gupta,
Sr Advisor CHT

TS Kathayat,
CEO Welspun

Dr AK Tewari
Former ED IOCL

Raj Kishore
GM(Pipeline) - EIL

Manan Shah,
CEO Ambtronics

Bidyut Baniah
GM, Allied Engineers

JN Agrawal,
CEO Corrsol Tech

JP Sinha,
Former ED IOCL

KB Singh.
Global Consultant

Sahab S. Gurjar
Director, PetroBot Technologies

Anurag Sharma,
Director, GM Enterprise

Dr. Vikas Gite,
HOD , Petrochem

BK Sharma, MD VDT Pipeline
Integrity Solutions

Dr BS Negi
Fr Member PNGRB

JP Ojha
Director, REPL

Rajeev Mathur
Fr ED, GAIL

Akhilesh Negi,
Director REPL

Registration Fee

Delegate Fee: INR 20,000+18% GST INR - 23,600

Delegate Fee Including Networking Dinner: INR 25,000+18% GST INR - 29500

Sponsorship and Exhibition Opportunity

The Conference Provides a unique opportunity for sponsoring organization to promote their products/ services to the focussed international and national participates besides having an excellent opportunity to interact with key industry players, professionals, engineers, scientists, academia and marketing professionals.

Platinum Sponsor	Gold Sponsor	Silver Sponsor	Bronze Sponsor	Event Sponsor
INR 5,00,000	INR 4,00,000	INR 3,00,000	INR 2,00,000	INR 1,00,000
8 Complementary Delegate Pass	6 Complementary Delegate Pass	4 Complementary Delegate Pass	2 Complementary Delegate Pass	1 Complementary Delegate Pass

Exhibition Booth Size	Price	Delegate Passes
2X2m stall size	Rs 1,00,000 + 18% GST	2 Delegate Pass
3X2M stall size	Rs 1,30,000 + 18% GST	3 Delegate Pass
5X2M stall size	Rs 2,30,000 + 18% GST	5 Delegate Pass

Payment Instructions:

Bank Name : HDFC Bank Ltd., Vasundhara Enclave,
New Delhi -110096
A/c Name : Resonance Energy Private Limited
A/C No. : 50200079774207
RTGS/NEFT IFS Code : HDFC0000329
PAN No. : AAECR0784M
GST No. : 07AAECR0784M1ZZ
