

SOR GAS COMPRESSION UNIT ALONG WITH GAS DEHYDRATION UNIT NANDASAN								
Item Sr. No	Brief Description	Unit	Qty	Unit Rate	Goods & Service Tax (GST) applicable		Unit Rate	Total Price
				Without Tax	%	Amount	With Tax	including GST
				1	2	3	4	5
A	<p>SITC and Comprehensive operation and Maintenance on round the clock basis OF GAS COMPRESSOR UNIT along with Gas dehydration Unit :</p> <p>GAS COMPRESSOR : Design, Engineering, Manufacturing, Supply including packaging and forwarding, insurance, custom clearance, handling, loading and unloading at port, delivery & unloading at Client's store /site of Skid mounted Gas compressor unit with explosion/flameproof proof electric & control panel, cables compatible for hazardous application , capable of delivering the guaranteed capacity of 850 SCMH at 0.5 bar suction pressure , along with suction and discharge flow meter with bypass piping arrangement as per SGL drawing , flow metering skid as per SGL standards and connectivity of pipelines with SGL's existing network within premise with suitable piping arragemnet and hook up with SGL inlet and outlet flange at DELIVERY POINT available in SGL premise /site of operating facility. inlet operating pressure range of 0.2 – 2 bar with discharge pressure range 4.5 to 5 bar with VFD and unloading mechanism for compressor . The package shall be inclusive of natural gas liquid removal/filteration and seperation sytem prefilter and afterfilter of wet /dry type and its associated auxillaries to meet guaranteed parameters as specified in technical scope</p> <p>Notes: 1.0 Package Inlet and Outlet hook up piping shall be of class 4", rating 150 # 2.0 Reference P&ID of process schematic and metering skid attached for bidders scope of work and SGL scope 3.0 Bidder can also provide the non Flame proof main control panel which will be place outside the hazardous zone area , preferably in electrical room , in this case necessary cable supply and laying for power and instrument shall be in bidders scope 4.0 String test of complete package along with accessories at packagers' factory / site 5.0 Bidder to supply all consumable , spares and any other resources as required to make system operational at site</p> <p>GAS DEHYDRATION UNIT : SITC and Comprehensive operation and Maintenance on round the clock basis OF GAS PROCESSING CUM DEHYDRATION UNIT along with Design, Engineering, Manufacturing, Supply including packaging and forwarding, insurance, custom clearance, handling, loading and unloading at port, delivery & unloading at Client's store /site of Skid mounted Gas dehydration cum processing unit with explosion/flameproof proof electric & control panel, cables compatible for hazardous application , capable of processing the capacity of 2500 SCMH , along with dew point meter , flow metering skid as per SGL standards and comingling the processed gas with SGL's existing netwok with suitable piping arragemnet and hook up with SGL inlet and outlet flange at DELIVERY POINT available in SGL premise /site of operating facility. inlet operating pressure range of 1.5 – 5 bar with discharge pressure range 1 to 4.5 bar . The package shall be inclusive natural gas liquid removal sytem and its associated auxillaries to meet guaranteed parameters as specified in technical scope</p> <p>Notes: 1.0 Package Inlet and Outlet hook up piping shall be of class 4", rating 150 # 2.0 Reference P&ID of process schematic and metering skid attached for bidders scope of work and SGL scope 3.0 Bidder can also provide the non Flame proof main control panel which will be place outside the hazardous zone area , preferably in electrical room , in this case necessary cable supply and laying for power and instrument shall be in bidders scope 4.0 String test of complete package along with accessories at packagers' factory / site 5.0 Bidder to supply all consumable , spares and any other resources as required to make system operational at site</p>	NOS	1					
	Monthly Comprehensive O&M Charges for round O clock operation and maint. along with supply of consumables , spares, manpower for First year of operation during warantee period of equipment	EA		12.00				
	Monthly Comprehensive O&M Charges for round O clock operation and maint. along with supply of consumables , spares, manpower for Second year of operation of equipment.	EA		12.00				
TOTAL AMOUNT WITH TAXES AND DUTIES INR								
Note:								
1. Bidder to clearly indicate 'Quoted ' against each Sr. No. in the price column in the un-priced Schedule of Rates and submit the same in Un-priced part of the bid. Bidder to submit Price part of above Schedule of Rates in their Priced Bid.								
All column of price schedule must be filled with required information as applicable.								
2. Bidder must quote the price in Schedule of Rates formats only. Bid submitted with changed format / description is liable to be rejected.								
3. Quoted rates are firm and fixed till complete execution of the entire order.								
4. Mentioned SOR quantities are indicative in nature and monthly invoice shall be raised on the basis of actual service								
5. Purchaser reserves the right to decrease/ increase the quantity of any item(s) as per provision of Bid document before and after award of contract.
